## FOUNDER'S MESSAGE

I would like to greet everyone with a "Happy New Year." I ardently hope that your hard work and contribution to our Tong-Il Moo-Do development by participating in all local and international activities will be victorious. I wish you and your family good health and safety, lots of good memories, and a joyful experience this year of the Tiger.

Despite the pandemic that threatened the safety of everyone, WTMF IHQ were able to accomplish the following international Tong-Il Moo-Do Championship events for the year 2021 on Online Philosophy lecture competition, Gi-Choom, Bon and Il Won Do Online Championships. We also participated in the World Mastership Committee Online Championship and the 9th Mombasa Open TIMD International Martial Arts Championship 2021. Our international online competitions showcased the grandeur of Tong-Il Moo-Do in the world of martial arts.

In Tong-Il Moo-Do, we have the supreme Philosophy, the Unification Thought, whose core values are: Firstly: *Loving God, Loving Humanity, Loving the Nation*. Secondly: *Co-Living, Co-Prosperity, Co-Righteousness*. Thirdly: *True Parents, True Teacher, True Owner*. Fourthly, *Absolute sexual ethics & True Family Values*. Also, we have supreme Tong-Il Moo-Do techniques: Firstly, *integrate all the best essence from different martial arts*. Secondly, *improve all the existing techniques*. Thirdly, *invent new practical and important techniques*. Also, we have noble goals to practice Tong-Il Moo-Do: Firstly, *to become men and women of good character*; secondly, *create beautiful, harmonious families and loving relationships*; and thirdly, *to make a significant contribution to the prosperity and peace of the society nation, and the world*.

We can be very proud of being practitioners and instructors of Tong-Il Moo-Do. But, we must be very humble and sincere people to practice true love. We are not fighting each other during championship event. We are fighting against my selfishness, my arrogance, my fallen nature. Also, we are fighting against evil in society, against injustice, and corruption. We deepen our love for each other by creating happy, heartistic family relationships to become Tong-Il Moo-do family, deepen our loving and pure relationship as brothers and sisters through tournaments or championship events.

Father & Mother Moon founded and initiated TIMD to save one more life and one more nation to receive the blessing of Heavenly Parents and True Parents as heavenly sons and daughters. We must inherit such a profound, ardent, and desperate heart from True Parents. Africa will be at the forefront to achieve Vision 2027. From now on, TIMD in Africa and all countries around the world will make outstanding achievements and bring Vision 2027 victoriously and successfully. From 2022 next year, we should spread TIMD to the entire continents of Europe, Africa, Asia, Oceania, North and South America, Japan, and Korea. So we can have a SEA Games in Cambodia in 2023. Let me share again what Mother Moon said: *"As True Parents, we have earnestly sought to: reach out*

*to fallen humanity; try to bring back many nations, one more life to Heavenly Parent during our lifetime on earth; as well as to guide them to a position when they can receive blessings as true, devoted children of Heavenly Parent. It is with the ardent and serious heart that we created Tong-Il Moo-Do..."* In this regard, as a dedicated members of worldwide Tong-Il Moo-Do family irrespective of colors & nationality, creed & culture, belief and traditon; we all must inherit such a profound, ardent, sincere & desperate heart of Mother Moon.

Let us continue to grow with dignity by being humble. By practicing true love among Tong-Il Moo-Do brothers and sifers is by serving for the sake of others. Also, let us maintain absolute sexual purity of relationship between teacher and students and among Tong-Il Moo-Do members and focus on our primary goals in life as a Tong-Il Moo-Do practitioner with utmost sincerity. Futhermore, let us also learn to accept our shortcomings and discover our enormous potential as an organization by learning the best practices shown by some of our Tong-Il Moo-Do leaders worldwide. May I recognize the hardwork and learn the best practices shown by Master Nathaniel Nitro in hosting a National Tong-Il Moo-Do Festival in New York, USA, Master Clarence Mwakio in holding the successful 9th Mombasa Open TIMD International Martial Arts Championship and the triumphant 7th National TIMD Championship in India headed by Master Malik Kumar.

In order for our Tong-Il Moo-Do to develop further and expand its foundation, and become an official games in the Olympic, let us improve our linkages, register and apply our Tong-il Moo-Do for accreditation in your nation who have Tong-Il Moo-Do foundation. Finally, let us continue to do our International online competitions or championships in Tong-Il Moo-Do Philosophy lecture, Bon, Gi-Choom, and Il Won Do Online Championships.

Together we will offer our 2021 TIMD accomplishments to Heaven and determine to bring victory for the year 2022 by expanding Tong-Il Moo-Do into all the corners of the world.

May God bless you, your family, and the community you dearly love and care. Please be healthy and keep safe.

## International President's Message

I would like to congratulate all of you with my deepest appreciation for all your hard work, investments and accomplishments to develop TIMD in all over the world.

In spite of the limited time and environment due to the pandemic of COVID-19, you have never stopped expanding TIMD overcoming many obstacles with indomitable spirit and continuous effort. And our heart has become closer and closer as TIMD family.

It is very important for us to always remind ourselves, "What is the vision of the TIMD given by Dr. and Mrs. Moon and Dr. Joon Ho Seuk?" That is to **discipline, raise and save youth to be filial and loyal sons and daughters of Heavenly Parents and True Parents to achieve One Family Under God**. The year of 2022 is the year of Tiger according to the Chinese calendar. The year of Tiger symbolizes "Newly Standing Up", and "Growth after the Birth".

Let us make the year 2022 be the year of "Rising with Hope and Great and Rapid Growth of TIMD" with the indomitable and challenging spirit!

## Message from the Office of the Executive Vice-President & Secretary-General

Greetings and Happy New Year to everyone. I wish you all safe and healthy in welcoming the year of the Tiger 2022 in the midst of Covid-19 and the many restrictions that hinder our mobility and face to face inter-actions.

The year 2020 up to 2021 was real hard and challenging and yet we were able to hold at least three main international Tong-Il Moo-Do events for the year 2021. Firstly, the World TIMD Philosophy lecture, Bon, Gichoom and Il Won Do Online Championship, secondly, the World Mastership Committee wherein TIMD was part of its online international event and Thirdly, the 9<sup>th</sup> Mombasa Open TIMD International Martial Arts Championship 2021.

However, our accomplished international Tong-Il Moo-Do events, though I considered it significant in our branding and advancing to a higher level, let us not forget that the essence of our primary goals in life as a Tong-Il Moo-Do believers and practitioners. The value of being a Tong-Il Moo-Do member is how and what we can make the difference on the lives of the youth and students as well as the adult alike that change their lives.

Yes, we will do our utmost sincerity to uplift and improve our accomplished 2021 events and brand our Tong-Il Moo-Do until the day that it will become part of the Olympic Games. However, **what matter most is our attitude and the quality of our life as a member of Tong-Il Moo-Do family.** I therefore encourage everyone to become matured and responsible person by being responsible and accountable to others, set as a model by having the standard of heartistic fidelity toward our spouse and have deep concern with the environment by living for the sake of others.

Let us again do our utmost best to bring victory for the year 2022 by marching forward with discipline and as a member of Tong-Il Moo-Do family, let us be part of a community aligned to our Founder Dr Joon Ho Seuk's guidance and wishes to accomplish further our goals and objectives and contribute to the promotion of world peace.

May God bless you, your family and have an abundant health and good fortune.
